

Dear Departmental Chairperson:

The Michigan Political Science Association (formerly Michigan Conference of Political Scientists) holds annual general membership conferences where scholars are able to exchange ideas in a collegial atmosphere through panels and roundtables. Guest speakers are also brought in to expand the knowledge of participants. Now the Association also seeks and then recognizes outstanding student papers from throughout the state and recognizes them at the conference and provides them with a small cash award. The Michigan Political Science Association is financed primarily by institutional memberships rather than individual memberships.

We would appreciate your support through payment of Michigan Political Science Association dues.

Sincerely,

John H. Parham
Treasurer
Michigan Political Science Association
